The service is funded by the Department of Immigration and Citizenship (DIAC) under the Settlement Grants Program. The purpose of the program is to provide settlement information, provide referral to mainstream agencies and to advocate for migrant's issues. The short-term outcome of the scheme is to address immediate needs such as language classes, housing issues, child care, education and employment. The long-term outcome is that all migrants and refugees living permanently in Australia can participate fully in Australian society.

**Referral Process:** Phone Contact.
